

## Student Loans - Loan Balance (Higher Education)

Student Loans Balance by Government Administration that funded the loan

Source: Student Loans Company

The outstanding balance is increasing for all Government Administrations. At this point in time the new lending and the interest added outweighs the repayments being made by those borrowers who are now liable to repay. The balance for England funded loans is higher due to the greater number of students and a higher average loan taken out. Figures taken from Table 1 of the individual publications.

Effective Date:	Outstanding Student Loans Debt (£ billions)
